Maps provided by [Mapline](#)

Method

Students in New Jersey, ranging from grades 4 to 12, voted primarily via electronic ballots. Students submitted votes for candidates for President, the Senate, and the House of Representatives.

Students either submitted their ballots individually online or a representative from each participating school district collected the voting results and submitted them via an online form. Schools within all the congressional districts participated, with a grand total of 60,914 students casting votes.

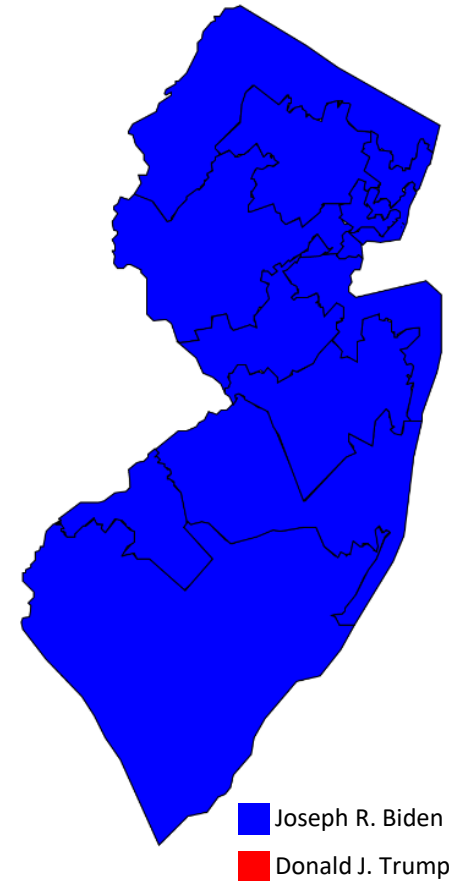

In each map, the color of the congressional district represents the candidate that received the most votes. On House of Representative and Senate maps, red represents the Republican candidate and blue represents the Democratic candidate. No third party candidate received a majority of votes. Third party candidates for House of Representatives are combined into a single, cumulative column for simplicity.

Table of Contents

4-7.....	Presidential Results
9-11.....	Senate Results
12-15.....	House of Representative Results
